This book was created, while tailored to a specific family group or individual, for the express purpose of sharing information and the implied purpose of enjoying that information. Contained herein is, at this time nothing more than information. While it is believed that the data is as accurate as possible, there still may be misinformation. The process of gathering information for ones family tree is an ever changing, never ending process. Numbering System

Genealogy Reports

The reports included in this book use *The Modified Register System* of numbering. This system is based on *The Register System* where the progenitor or other individual is given the number 1. Each child is then numbered in order with lower-case Roman numerals (i, ii, iii, iv, v, etc.) and those whose lines are carried on are also given an Arabic number. For instance, No. 1 may have had seven children (i through vii), but only one of these had descendants, say iv. No. iv is then also given the Arabic number 2 and his children, in turn, are numbered from i on, with, perhaps, Nos. i, iv and vi given the additional identification of 3, 4 and 5.

A much more readable and popular system is *The Modified Register System*, also known as the NGSQ (National Genealogy Society Quarterly) system because it is used in that publication. In the Modified Register System, each individual is given a number, whether or not they had children. Those individuals who do have descendants are so indicated by the addition of a plus (+) sign.

Notes for Thomas Pollitt:

=====

Notes from correspondence with Roy Pollitt regarding Thomas Pollitt (3/15/95):

Where was he from?

Unproven, but all "evidence" leads to Bolton, England area, in Lancaster County (Lancashire), near present-day Manchester.

"Evidence" for Bolton ----

- (1) Family Legend says POLLITTs from Manchester-Bolton-Eccles area.
- (2) Norman Pollitt, of England, told me that the surname is almost unheard of in England, today, except for the Bolton area.
- (3) My cousin visited Bolton about 20 years ago and found many "OLD" tombstones with POLLITT on them.
- (4) I checked the records at the Peabody Institute (Baltimore). One of the largest collections of English published genealogical records in America. ALL records pointed, pre-1650, to Bolton, Eccles, and Manchester.
- (5) LDS IGI shows English Pollitts, pre-1650, almost 100% in Bolton, Eccles, and Manchester area.

When did he arrive in the "Colonies"? and Any idea what Ship?

No ... but family legend has his brother, John, first mate in the merchant marine, and serving aboard a ship called "Promise" out of Liverpool. John, supposedly, liked what he saw in America (Chesapeake Bay area), and when he went back home to England he brought his younger brother, Thomas, back on the next trip to America. They chose a site near present-day Princess Anne, MD to start a trading goods store. John was the "buyer" for the store and Thomas stayed in Maryland to run it. John went back and forth to England "buying" for the store, and was lost at sea on one such trip. Shortly thereafter, Thomas abandoned the store, got married and became a farmer/planter. A land grant, 1695, was the first recorded evidence of his owing any land.

Bryan,

[parts omitted]

Here is what J.J. Pollitt wrote on January 1st, 1980 to someone named John. J.J. had to have given me a copy of the letter. J.J. addressed every letter to a Pollitt as "cousin." He apparently would write letters to other Pollitts as he discovered them and would ask them to fill out family forms that he included. The following P.S. to the letter (rather long) is perhaps revealing:

Dear John; (I don't who John was)

I guess I am getting to be very much like the Gods who grind slowly, but exceedingly fine, or at least I hope the latter is true. I thought you might be interested in the forms I am using to solicit information relating to the Pollitt genealogy.

I spent last week trying to assemble the data you asked for which I regret to say is very much limited to the old records in Somerset, Dorchester, Wicomico and Worcester counties, and to research done by Bernard B. Pollitt, deceased, from Maysville, Ky, in the years 1903 to 1910. BERNARD SPENT ABOUT 6 MONTHS IN MARYLAND AND THE BETTER LPART OF A YEAR IN GREAT BRITIAN DURING RESEARCH ON THOMAS POLLETT (His spelling) AND HIS BROTHER JOHN, who was a first mate on a merchant marine vessel of the British Admiralty. Admiralty records point out that Thomas was a passenger on his brother's ship "Promise" which sailed from near Exeter, England, June 19th, 1668 for the American Colonies. We have no knowledge or record of their lineage; whether they came to England from Normandy as legend sometimes interposes; or from an equally strong likelihood of Scotland or England. In any event the good ship "Promise" delivered Thomas Pollett on the eastern shore of Maryland, July 30, 1668, anchoring in the Monokin River near the present town of Princess Anne. Thomas' assigned manifest indicated a large cargo of trading materials and it is assumed that he came to the eastern shore to establish a trading post there. John made one other trip to the colonies about 1 year later and his ship was reported lost at sea while making a third such trip to America, after Thomas arrived there.

Thomas was born about 1640 as he was 28 when he arrived in Somerset Co., Md where he lived until 1708. He was 68 years of age at his death. If he established a trading post it was apparently disposed of before his death as his last will and testament. made in July, 1708 makes no mention of any business interest other than farming.

Is that interesting!!

Now I never thought I would be defending THE CHART (I'm really not) as I had/have my own Nehemiah bone to pick with it but according to J.J. Bernard did get out of the courthouse once in a while!!!!

Not sure who is already aware of it, but Thomas Pollitt (first generation) left a will. I had not come across it before, but did by accident recently. It turns out name is spelled Phollett,so doesn't readily pop up when searching thru the Po's and Pu's in indexes. It is found in MD Will Book 12, Part 2, f.24. I haven't looked up full text, but here is the abstract from MD Calandar of Wills:

Thomas came to Maryland in 1668. His brother John was First Mate on a ship called The Promise. John set Thomas up in a trading post on Chesapeake Bay. John was later lost at sea.

Thomas Pollitt Sr. was a merchant and farmer who came to America in 1668 from England or Scotland, and settled near the site where Princess Anne Maryland was founded. He sailed from England as a freeman, presumably sponsored by his brother John Pollitt, who came to America in 1656 as an indentured sail maker. (Pioneer Families of Lewis County, Kentucky p.41)

Exeter England played an active part in colonizing of Virginia. In the sixteen-sixties one or two vessels were sailing annually to Virginia, carrying serges and other cloths, stockings, rugs, shoes, nails, and wrought iron. Virginia tobacco formed the staple return cargo. (The Ports of the Exe Estuary 1660-1860 by E.A.G. Clark p.162)

Bryan -

That is a topic I been quite interested in just recently. There is a lot of confusion and unfortunately some unanswered questions.

The first question is whether the Margaret who married Thomas Pollitt in 1687 was actually a daughter of Robert and Magdalen Polk. I have seen the original Somerset Judicial Record, Liber IKL, where this marriage is recorded and it does not give Margaret's surname. I know that in "Polk Family and Kinsmen" W. H. Polk states that Margaret Polk married Thomas Pollitt, and this is the origin of the Margaret Pollitt, daughter of Robert Polk, belief. But W. H. Polk lived in Kentucky and depended on his correspondence with other family members for his information, which he presented without much question and unfortunately without citing sources. We don't know where he got his information about Margaret and he doesn't say.

The next problem is that the daughter that Robert mentions in his will is named Martha, not Margaret, and she is not yet married when he wrote the addendum to his will in 1702. WHP attributes the difference in names to some mixup, and assumed that Martha and Margaret were the same person and she married Thomas Pollitt some time after 1702 - he did not know that the date of Margaret and Thomas' marriage was 1687. In fact he thought Margaret was born in 1679. He also did not know of later records where the name of Thomas Pollitt's wife is repeatedly given as Margaret. Clearly Margaret Pollitt was not the Martha mentioned in Robert Polk's Will.

Thomas Pollitt died about 1708 and Margaret was soon remarried to Richard Tull who died by 2 Aug 1710 when his will was probated. Mararet is mentioned

in Somerset Accounts, EB13, f.56 as "Margaret Tull, Relict of Richard Tull, Administratrix of Thomas Pollitt, deceased" 2 May 1711.

Margaret had a third marriage, to Charles Williams, as seen in EB 13, f.94 where it mentions Charles Williams et uxor Margaret, Admn estate of Richard Tull; 15 March 1717.

There were strong ties between the Polks and Pollitts which is seen in the appearance of Pollitts in several Polk probate records and other land records. Whether there was a Polk/Pollitt marriage is not clear.

Do you descend from Thomas and Margaret Pollitt? I Would be interested to see a Pollitt family tree for the period before 1750.

Bryan -

Thanks for your note. I did take your suggestion and checked out the Pollitt notes you have on your website. I can't speak to most of it, but the info on Margaret Pollock needs to be straightened out a bit as discussed in previous message. Should also mention that the wife of Robert Polk was not Margaret Porter but Magdalen Tasker Porter, widow of COL John Porter. Her year of birth is not known, but I would estimate it as c.1640, not 1632. She married Robert Polk sometime after 1665 and died in 1727.

As far as connections between Polks and Pollitts in early 18th century I can point to the following as evidence of a fairly close relationship:

- John Pollett was security to admin account of William Polk, son of John, and grandson of Robert, in Dorchester in 1727; John Pollet also received part of a land tract from William Polk in his will;
- John and Mary Pollett witnessed will of James Polk, son of Robert, in 1726;
- William Pollett and Magdalen Pollett witnessed will of Magalen Polke in 1727;
- William Polk and Thomas Pollitt were joint patentees of 20 acre tract Come by Chance in head of Manokin area, in 1735;
- Thomas Pollett was bondsman, with John Polk, for estate of Francis Roberts 1703

This seems to indicate a strong connection between the families so one one would expect a marriage somewhere, but I don't know where it is.

In a message dated 00-08-06 22:00:44 EDT, you write:

<< Oh, I have forgotten ... or have you told me, yet ... how are you related to Margaret Polk ... I assume she is the sister to one of your ancestors? >>

Bryan -

Glad to hear you got the copy OK - I know it was a bit confusing as to the correct citation. The original will is actually at MD Archives - Somerset would only have a copy of it. The counties were required to turn over all the original records of certain age to the State, which is good because the State Archives are very well run and everything is in one place. If you ever get to the archives you can ask for the will and they will let you work with the actual document. I get there very regularly and only work with original documents rather than microfilms - they are much easier to read.

The lineage for the Polks of NC and TN, to which I belong, is usually considered to descend from Robert and Magdalen Polk's second son, William, who would have been Margaret's brother. William supposedly had a son William II who left Somerset for Carlisle PA around 1730 or so, and later moved on to Mecklenburg County (Charlotte) NC with his family around 1750. My own research of the Polks in Somerset has made me very skeptical of this. William had four known children, James, Jane, David and Elizabeth, and I am convinced he did not have a son William II. There was a William Polk of Carlisle who went to Mecklenburg NC, but his antecedents were not from Somerset.

I believe I asked you earlier about how we can be sure that Margaret, the wife of Thomas Pollitt, really was a daughter of Robert and Magdalen Polk. The marriage record in Liber IKL of Somerset only gives her name as Magaret, with no surname, so some additional documentation is needed to nail it down. As you probably know, Robert Polk's will, probated 1703, only mentions a daughter Martha, who was still unmarried. There was no mention of a Margaret. Later Polk historians thought this was just a confusion of the names, and that Margaret and Martha were the same person.

My own feeling is that Margaret Pollitt was indeed a Polk, and quite distinct from Martha. Margaret as wife of Thomas Pollitt was the accepted tradition in the Polk family in 1800's before Robert's will was discovered and Martha had to be accounted for. There are too many connections between the Polks and Pollitts, quite early on, for there not to have been a marriage somewhere to account for it - and there isn't any other marriage to point to. In fact I

have some Polk family history notes written in 1848 which mention "old Mr. Thomas Pollitt, who knows more of the (Polk) family history than anyone". This was not the first Thomas Pollitt, but one of a later generation, presumably born some time prior to 1770. The omission of Margret from Robert's will is explainable by fact that she was already well provided for as wife to Thomas Pollitt and didn't need any bequests. Robert's daughter Ann, who married Francis Roberts, was not mentioned either, and she was definitely well off.

If you come across anything that helps settle this MArgaret Polk/Pollitt question, please let me know of it.

Regards -

John Polk

Margaret did not die in 1711 - that is when her second husband Richard Tull, Sr. died. She afterwards married a third time, to Charles Williams, and was still alive in in 1734 when he wrote his will. I don't know of any children from these latter two husbands. See Somerset Accounts, Liber EB 13, f.56, which refers to "Margaret Tull, relict of Richard Tull, Admx of Thomas Pollitt, deceased", and in Liber EB13, f.94: "Charles Williams et ux. Margaret adm. estate of Richard Tull".

<<do you know if Robert and Magdalen Polk had another child named Magdalen ... Magdalen's Will refers to David Polk, William Pollett and Magdalen Pollett? >>

No, I don't know who this Magdalen Pollett is. Possibly a daughter of Margaret and Thomas Pollett, but I know that no such daughter has been previously identified. Possibly another grand daughter who had married a Pollitt - this is one of the Polk-Pollitt ties that lends credibility to Margaret Pollitt being a daughter of Robert and Magdalen. I believe that Margaret Polk-Pollitt-Tull-Williams had by then moved to Nanticoke Hundred with Charles Williams and was not conveniently available for will witnessing purposes. The David Polk who witnessed was her grandson, son of James Pollock.

Subject: Waitman Disharoon, recurring myth

Hello,

In your Descendants of Thomas Pollitt on Family Tree Maker a recurring myth is repeated, that Waitman Disharoon had a son William, who married Elizabeth D. W. Jones. The William who married Elizabeth is William S. Disharoon, son of Benjamin & Amelia Dorman Disharoon. The following entries from the William S. Disharoon Bible record should put this myth to rest;

- 1) Benjamin Disharoon & Amelia W. Dorman were married 19th of April 1793
- 2) William S. Disharoon, son of Benj. & Amelia his wife, was born the 21st day of December in the year of our Lord 1794
- 3) Betsey W. Jones, daughter of John & Betsey his wife, was born the 27th day of April in the year of our Lord 1790
- 4) William S. Disharoon & Elizabeth W. Jones were married the 2nd of July 1817

The marriage record is also recorded in the Benjamin Ichabod Jones Bible record;

- 1) William S. Disharoon, son of Benjamin, & Elizabeth D. W. Jones, daughter

of John (of Benj.), married July 2 1817

Waitman may well have had a son William, as there is a William Disharoon in the NC land records around this time, but it is not the William who married Elizabeth D. W. Jones.

[Note: After receiving this message ... I took a look at the files and reorganized the information. Therefore, any changes made to the Disharoon connection are due to this message ... I left a son of William for Waitman, but changed the William I had to William S. and made him the son of Benjamin Disharoon. bwl, 14 Feb 2000]

Article: POLLITT FAMILY

The Pollitts of Lewis, Mason, and Fleming Counties are descendants of Thomas Pollitt Senior, who was born in 1640 in England or Scotland. He was a merchant and farmer who came to America in 1668 and settled near the site where Princess Anne County, Maryland, was founded. He sailed from England as a freeman, presumably sponsored by his brother, John Pollitt, who came to America in 1656 as an indentured sail maker. Thomas married Margaret Polk and their known children were four sons: Thomas, Junior; William; John; and Richard. Thomas Pollitt, Senior, died in 1708 and was buried in Politt Cemetery in Allen, Somerset County, Maryland.

Thomas Pollitt, Junior, and his wife Shisda, had a son, George Pollitt, Senior, who was born in 1722 and died

in August 1783. George, Senior, and his wife, Ahisda, were the parents of the following: George, Junior; James; Nehemiah; Samuel; Priscilla; Nicey; Sally; and Milly.

George Pollitt, Junior, was the father of four known sons: Severn, John, Nehemiah, and Robert. Many records show that these brothers moved early into Mason County and later into Fleming County, Kentucky. Severn Pollitt was born in 1779 in Somerset County, Maryland, and died in December 1843, in Mason County, Kentucky. He and his wife, Margaret "Peggy" Dorman had the following offspring: James, George, Samuel, Robert Henry, Eleanor Nellie, Sarah Elizabeth, Susan, Margaret, Albert J., Frank and Mary.

It is believed that Eunice "Nicey" Pollitt married her cousin, Jonathon Pollitt, and they had a son, Josiah, who in turn married a cousin, Sarah; Josiah and Sarah had a son, Jonathan Pollitt, from whom most Lewis County Pollitts claim descent. Jonathan Pollitt was born December 13, 1820, and was married on June 17, 1840, in Lewis County, to Lucinda Burriss, daughter of Charles L. Burriss and Elizabeth Fitch, who was the daughter of Joseph Fitch and Susanna Pettitt. Lucinda Buris was born May 10, 1820, and died April 11, 1886, both in Lewis County. After her death, Jonathan married Anna Jane McElfresh on January 21, 1887, in Vanceburg, Kentucky, he was sixty-seven, and she was twenty-two. Jonathan Pollitt died March 23, 1903.

The Family of Jonathan and Lucinda Pollitt consisted of: (1) Elizabeth Jane, born March 25, 1841; married Jacob Eckert on May 31, 1861; died April 24, 1893; (2) Josiah, born 1844; married Matilda Pruitt on February 18, 1867; (3) Matild, born 1845; married Jackson Brewer on January 30, 1863; (4) Sarah Margaret, born March 15, 1852; married Edward C. Rolph; died January 15, 1929; (5) Amanda M., June 22, 1855; married John S. Thurman; died in 1941; (6) Eliza Louisa, born October 8, 1857; married Monroe Pruitt on March 18, 1878, in Vanceburg; died January 20, 1938; (7) Mary May, born 1851; married Tom May on May 23, 1871; and (8) Georgia Ann, born in February 1864; married William Beckett on April 23, 1882; died August 23, 1954.

Josiah Pollitt served in the Union Army from Lewis County, having enlisted in September 1861 at the age of eighteen; he was a member of Company R 23rd Kentucky Infantry as a private and was actively engaged in skirmishing and scouting during all his enlistment. He was discharged July 6, 1862, at Pulaski, Tennessee. He married Matilda Pruitt who was born in Morgan County, Kentucky, on November 15, 1849, to John W. Pruitt and Alice Spencer. Their union was blessed with eight children born in the order named: Alvin, born April 24, 1868; James, born June 8, 1873; Lucinda, born May 6, 1875; Leona, born December 7, 1877; Frances, born April 10, 1881; Netty, born April 27, 1883; Ida, born February 24, 1885; and Betha, born October 24, 1887.

Two members of the Pollitt family have served as County Judge in Lewis County. Orville P. Pollitt, who was the judge when the present Court House was built, was born on September 18, 1871 to James and Lucy Parker Pollitt; both natives of Lewis County. O.P. Pollitt served four terms as county clerk before becoming judge. His father, James Pollitt, was the Judge of Lewis County when the third Court House was built in 1865. James Pollitt was the son of Alexander H. Pollitt and Eleanor Pollitt, the daughter of Severn Pollitt. Alexander and Eleanor were married in Fleming County on October 18, 1831. Their son, James, also died young at the age of forty-seven, his death having occurred at Portsmouth, Ohio, in 1885. Orville P. Pollitt served his county well for many years.

Bryan;
Oh boy! I am trying to look at a very large chart as I type this. The chart was originally created by Bernard Pollitt in 1918 and was signed by J.J. Pollitt in 1972. I believe this to be perhaps representative of the very first effort at Pollitt family history.

[omitted-see Nehemiah Pollitt]

[omitted-see Severn Pollitt s/o George]

On this chart There is nothing listed under Jonathon (the 2nd one, 4th generation. Our family does not show up anywhere on the chart. Again, I also fall back on the fact that J.J. mentioned several times that more than one family of Pollitts moved at different times from Maryland. Jonathon's family was not the first. I found records of James, Nehemiah, George, and Josiah, but nothing of Severn. Our Severn was not a part of J.J. Pollitt's material. Incidentally Josiah's information was largely in Vanceburg, Kentucky. He died very young. The genealogist at the University of Kentucky, assuming it to be still the same one, is a descendent of Josiah..

Article: POLLITT FAMILY

The Pollitts of Lewis, Mason, and Fleming Counties are descendants of Thomas Pollitt Senior, who was born in 1640 in England or Scotland. He was a merchant and farmer who came to America in 1668 and settled near the site where Princess Anne County, Maryland, was founded. He sailed from England as a freeman, presumably sponsored by his brother, John Pollitt, who came to America in 1656 as an indentured sail maker. Thomas married Margaret Polk and their known children were four sons: Thomas, Junior; William; John; and Richard. Thomas Pollitt, Senior, died in 1708 and was buried in Politt Cemetery in Allen, Somerset County, Maryland.

Thomas Pollitt, Junior, and his wife Shisda, had a son, George Pollitt, Senior, who was born in 1722 and died in August 1783. George, Senior, and his wife, Ahisda, were the parents of the following: George, Junior; James; Nehemiah; Samuel; Priscilla; Nicey; Sally; and Milly.

George Pollitt, Junior, was the father of four known sons: Severn, John, Nehemiah, and Robert. Many records show that these brothers moved early into Mason County and later into Fleming County, Kentucky. Severn Pollitt was born in 1779 in Somerset County, Maryland, and died in December 1843, in Mason County, Kentucky. He and his wife, Margaret "Peggy" Dorman had the following offspring: James, George, Samuel, Robert Henry, Eleanor Nellie, Sarah Elizabeth, Susan, Margaret, Albert J., Frank and Mary.

It is believed that Eunice "Nicey" Pollitt married her cousin, Jonathon Pollitt, and they had a son, Josiah, who in turn married a cousin, Sarah; Josiah and Sarah had a son, Jonathan Pollitt, from whom most Lewis County Pollitts claim descent. Jonathan Pollitt was born December 13, 1820, and was married on June 17, 1840, in Lewis County, to Lucinda Burriss, daughter of Charles L. Burriss and Elizabeth Fitch, who was the daughter of Joseph Fitch and Susanna Pettitt. Lucinda Buris was born May 10, 1820, and died April 11, 1886, both in Lewis County. After her death, Jonathan married Anna Jane McElfresh on January 21, 1887, in Vanceburg, Kentucky, he was sixty-seven, and she was twenty-two. Jonathan Pollitt died March 23, 1903.

The Family of Jonathan and Lucinda Pollitt consisted of: (1) Elizabeth Jane, born March 25, 1841; married Jacob Eckert on May 31, 1861; died April 24, 1893; (2) Josiah, born 1844; married Matilda Pruitt on February 18, 1867; (3) Matild, born 1845; married Jackson Brewer on January 30, 1863; (4) Sarah Margaret, born March 15, 1852; married Edward C. Rolph; died January 15, 1929; (5) Amanda M., June 22, 1855; married John S. Thurman; died in 1941; (6) Eliza Louisa, born October 8, 1857; married Monroe Pruitt on March 18, 1878, in Vanceburg; died January 20, 1938; (7) Mary May, born 1851; married Tom May on May 23, 1871; and (8) Georgia Ann, born in February 1864; married William Beckett on April 23, 1882; died August 23, 1954.

Josiah Pollitt served in the Union Army from Lewis County, having enlisted in September 1861 at the age of eighteen; he was a member of Company R 23rd Kentucky Infantry as a private and was actively engaged in skirmishing and scouting during all his enlistment. He was discharged July 6, 1862, at Pulaski, Tennessee. He married Matilda Pruitt who was born in Morgan County, Kentucky, on November 15, 1849, to John W. Pruitt and Alice Spencer. Their union was blessed with eight children born in the order named: Alvin, born April 24, 1868; James, born June 8, 1873; Lucinda, born May 6, 1875; Leona, born December 7, 1877; Frances, born April 10, 1881; Netty, born April 27, 1883; Ida, born February 24, 1885; and Betha, born October 24, 1887.

Two members of the Pollitt family have served as County Judge in Lewis County. Orville P. Pollitt, who was the judge when the present Court House was built, was born on September 18, 1871 to James and Lucy Parker Pollitt; both natives of Lewis County. O.P. Pollitt served four terms as county clerk before becoming judge. His father, James Pollitt, was the Judge of Lewis County when the third Court House was built in 1865. James Pollitt was the son of Alexander H. Pollitt and Eleanor Pollitt, the daughter of Severn Pollitt. Alexander and Eleanor were married in Fleming County on October 18, 1831. Their son, James, also died young at the age of forty-seven, his death having occurred at Portsmouth, Ohio, in 1885. Orville P. Pollitt served his county well for many years.

Bryan;
Oh boy! I am trying to look at a very large chart as I type this. The chart was originally created by Bernard

Pollitt in 1918 and was signed by J.J. Pollitt in 1972. I believe this to be perhaps representative of the very first effort at Pollitt family history.

[omitted-see Nehemiah Pollitt]

[omitted-see Severn Pollitt s/o George]

On this chart There is nothing listed under Jonathon (the 2nd one, 4th generation. Our family does not show up anywhere on the chart. Again, I also fall back on the fact that J.J. mentioned several times that more than one family of Pollitts moved at different times from Maryland. Jonathon's family was not the first. I found records of James, Nehemiah, George, and Josiah, but nothing of Severn. Our Severn was not a part of J.J. Pollitt's material. Incidentally Josiah's information was largely in Vanceburg, Kentucky. He died very young. The genealogist at the University of Kentucky, assuming it to be still the same one, is a descendent of Josiah..

Bryan;

Oh boy! I am trying to look at a very large chart as I type this. The chart was originally created by Bernard Pollitt in 1918 and was signed by J.J. Pollitt in 1972. I believe this to be perhaps representative of the very first effort at Pollitt family history.

[omitted-see Nehemiah Pollitt]

Now to get to Severn (also spelled Sovereign): I have a Severn shown as the son of George 4 who is the son of George 3 who is the son of Thomas 2. George 4 has brothers James, Nehemiah, Samuel, sisters Priscilla, Eunice, Sally and Emily. Severn has brothers Nehemiah, Robert and John. This Severn has offspring James, George W, Samuel, Robert, Eleanor, Sarah (I think) ALBERT J., Frank, and Mary A.

Severn was to have been born in Somerset Co Md. in 1779 , died in December 1843 in Mason Co Ky and married Margaret " Peggy" Dorman. Is this the same Severn that is shown as the son of Jonathon Pollitt Jr. and Eunice "Nicey" Pollitt? (Pioneer Families of Lewis Co. Ky).

There is great speculation as to whether the information found relates to Severn, son of George or Severn, son of Jonathan, Jr. There appears, however, to be more evidence that THIS Severn IS the one who married Margaret Peggy Dorman and was thus a progenitor of another branch of Pollitt's in Kentucky. The Severn, son of Jonathan, Jr., has so far only been seen in Jonathan's Will but can't be found elsewhere. See the Pollitt Article in the Notes for Jonathan, Jr. [bwl, 27 Jul 2000]

Severn ... Sovern ... whose the father of Sovereign?

This is turning out to be an interesting case. First, let me say that I am by no means a professional genealogist and we may, yet, need to obtain a genealogist to decipher this particular area of the Pollitt Family History.

I have, in my research, that Severn Pollitt married Margaret (Polly) Dorman. I, actually, have this twice! A controversy has ensued as to who the father of Severn is. It is believed that Severn is the son of Jonathan, Jr.(4), Jonathan, Sr. (3), Thomas (2), Thomas (1). However, it is also believed that Severn, is the son of George (4), George (3), Thomas, (2), Thomas (1).

All of my findings and correspondence, to date, are rather inconclusive, however, I decided to create a review and examination to send out to the Pollitt Researchers that I have had contact with regarding this aspect of our Family History. I, also, intend to add this review to my online database for both Severns. Therefore, in this review and examination, we will look at Severn as the son of Jonathan and then as the son of George, then we will look at Severn's family unit.

Let's begin with Severn, the son of Jonathan, Jr.(4), Jonathan, Sr. (3), Thomas (2), Thomas (1):

I currently show the family of Severn as:

- 1. Severn5 Pollitt (Jonathan4, Jonathan3, Thomas2, Thomas1) was born 1789, and died 1843. He married Margaret (Peggy) Dorman 25 May 1802. She died Aft. May 1843.

Children of Severn Pollitt and Margaret Dorman are:

2. i. Albert J.6 Pollitt, died Abt. Feb 1849.
3. ii. Elizabeth Pollitt, born Abt. 1802 in Maryland; died Aft. Jun 1870.
4. iii. George Washington Pollitt, born 1813; died 1876. He married Mary D. Helm.

I first encountered Severn through the research of Roy C. Pollitt, via correspondence, back in 1991. At that time Roy only had listed and apparently found that Jonathan (4) had five sons: George, Nehemiah, Josiah, Severn, and James. James is my line, so at that time, I did not add to the research of the other siblings.

Now, we move forward to early 1998. Through correspondence with Norman C. Pollitt and through his correspondence with Twila Quine, was added the birth and death years of 1789, and 1843, respectively, along with the marriage to Margaret and two children: Albert J. and Elizabeth.

In mid 1998, I made contact with Richard S. Pollitt. He provided a copy of Jonathan Pollitt's Will that was probated in Fleming Co., KY July 1816. The Will confirms correspondence from Roy, Norman and Twila, showing the children of Jonathan to be Severn, Nehemiah, Josiah and James and George. It is not known if this is the birth order, but it is possible. The Will has been entered here for review : [interpreted and written as is, to the best possible]:

WILL: JONATHAN POLLITT

In the name of God amen I Jonathan Pollitt of Fleming County and State of Kentucky being weak in body but in perfect mind memory and understanding [k]nowing it is one allotted for all men to die I do make and ordain this to be my Last will and Testament in manner and form as follows to wit.

I give and bequeath unto my dear and beloved wife Nicy Pollitt the third of all my Estate after my just debts is paid one horse creature second choice one bed and furniture and cow and calf and one sow and pigs to her and her heirs forever.

Item first of all I give and bequeath unto my son James Pollitt the first choice of my horses in my flock also one bed and furniture one cow and calf one sow and pigs and one Negro Boy named Saule to him and heirs forever.

Item I give and bequeath all the remainder of my estate to my five sons after my just debts is paid to be equally divided among them namely Severn, Nehemiah, and Josiah, and James Pollitt and George Pollitt I do pronounce this to be my Last will and testaments revoking all other wills by me before made as witness my hand and seal this 19 day January Eighteen hundred and sixteen.

Signed Jonathan Pollitt {seal}

This last will and testament of Jonathan Pollitt dec'd was produced in Court proved by the oath David Blue William Mortimore & Francis Mortimore the witnesses thereto and order to be recorded.

[Jonathan Pollitt Will Record, July 1816, (Fleming County, KY. (Copy provided by Richard Pollitt, 6/14/1998)).
[POLLITT D0007]]

So, while this confirms nothing about Severn's wife and children, we know at least that Jonathan did have a son named Severn (Also, seen as Surren in LDS records, by the way).

Alright, now, let's examine Severn, the son of George (4), George (3), Thomas, (2), Thomas (1):

I currently show this family as:

1. Severn⁵ Pollitt (George⁴, George³, Thomas², Thomas¹) was born 1779 in , Somerset Co., MD, and died December 1843 in , Mason Co., KY. He married Margaret (Peggy) Dorman 25 May 1802 in Somerset County,MD.

Children of Severn Pollitt and Margaret Dorman are:

- 2 i. James⁶ Pollitt.
- 3 ii. George Pollitt.
- 4 iii. Samuel Pollitt.
- 5 iv. Robert Henry Pollitt.
- 6 v. Eleanor Nellie Pollitt. She married Alexander H. Pollitt 18 October 1831 in , Fleming Co., KY.
- 7 vi. Sarah Pollitt.
- 8 vii. Elizabeth Pollitt.
- 9 viii. Susan Pollitt.
- 10ix. Margaret Pollitt.
- 11 x. Albert J. Pollitt.
- 12xi. Frank Pollitt.
- 13xii. Mary Pollitt.

I first encountered this Severn through Roy C. Pollitt back in 1991, also. Roy listed, through correspondence, that Severn was married to Margaret Dorman in 1802 in Somerset Co., MD. Roy, also, noted that a Will had been probated in Mason Co., KY in 1843 regarding a Severn Pollitt. At that time, no other information was given regarding the contents of the Will. Roy, also, provided a note that a Will had been probated for George Pollitt, but, at that time, no information was provided as to the contents of the Will.

Now, let's move forward for a moment and then we will step back. In February 2000, Jim Columbia and I made contact. This provided the catalyst for a renewed discussion or rethinking of the Severn Pollitt Research, to date. Jim's research indicates, and he strongly believes, that his ancestor, Severn Pollitt, is the son of Jonathan and not George. I shared this new found information with Richard S. Pollitt and his response was that, according to his prior research and discussions with J.J. Pollitt (the grandfather of Jim Columbia), Severn was the son of George. To briefly recap the discussions between me, Richard and Jim:

On this chart There is nothing listed under Jonathon (the 2nd one, 4th generation. Our family does not show up anywhere on the chart. Again, I also fall back on the fact that J.J. mentioned several times that more than one family of Pollitts moved at different times from Maryland. Jonathon's family was not the first. I found records of James, Nehemiah, George, and Josiah, but nothing of Severn. Our Severn was not a part of J.J. Pollitt's material. Incidentally Josiah's information was largely in Vanceburg, Kentucky. He died very young. The genealogist at the University of Kentucky, assuming it to be still the same one, is a descendent of Josiah.

Bryan -

I have no doubt we are talking about the same Severn. I have never seen evidence of but one in Kentucky (or anywhere else, for that matter).

Dick Pollitt is right in most of what he says to you (except that J. J. Pollitte was my grandfather, not father-in-law). I agree with most everything else he says - I remember the same story about the "e".

However, as I mentioned to you once before, the Bernard Pollitt chart has some errors on it, including listing Severn's father as George Pollitt. That is why I suspect everything on the chart from Severn back to Thomas (however, everything from there forward in time seems correct). I suppose my grandfather took the chart at face value.

However, my research shows no doubt about the five brothers, sons of Jonathan and Nicy. All the records I have seen locate them (at some point in their lives) within ten miles of here (even though that covers parts of three counties). Jonathan's will is, to me, the absolute proof.

I think the only reason anyone thinks there were two Severns was because of that chart. As I said before, it has spread like a virus, and people "quote" it to me all the time as proof of this or that, without any knowledge of where it originated. Bernard Pollitt was probably a good researcher for his day (he was county clerk), but I am convinced that all his research was done in Mason County records only. Fleming & Lewis County records show a lot about our Severn.

Bryan,

[parts omitted]

Here is what J.J. Pollitt wrote on January 1st, 1980 to someone named John. J.J. had to have given me a copy of the letter. J.J. addressed every letter to a Pollitt as "cousin." He apparently would write letters to other Pollitts as

he discovered them and would ask them to fill out family forms that he included. The following P.S. to the letter (rather long) is perhaps revealing:

Dear John; (I don't who John was)

I guess I am getting to be very much like the Gods who grind slowly, but exceedingly fine, or at least I hope the latter is true. I thought you might be interested in the forms I am using to solicit information relating to the Pollitt genealogy.

I spent last week trying to assemble the data you asked for which I regret to say is very much limited to the old records in Somerset, Dorchester, Wicomico and Worcester counties, and to research done by Bernard B. Pollitt, deceased, from Maysville, Ky, in the years 1903 to 1910. BERNARD SPENT ABOUT 6 MONTHS IN MARYLAND AND THE BETTER PART OF A YEAR IN GREAT BRITIAN DURING RESEARCH ON THOMAS POLLETT (His spelling) AND HIS BROTHER JOHN, who was a first mate on a merchant marine vessel of the British Admiralty. Admiralty records point out that Thomas was a passenger on his brother's ship "Promise" which sailed from near Exeter, England, June 19th, 1668 for the American Colonies. We have no knowledge or record of their lineage; whether they came to England from Normandy as legend sometimes interposes; or from an equally strong likelihood of Scotland or England. In any event the good ship "Promise" delivered Thomas Pollett on the eastern shore of Maryland, July 30, 1668, anchoring in the Monokin River near the present town of Princess Anne. Thomas' assigned manifest indicated a large cargo of trading materials and it is assumed that he came to the eastern shore to establish a trading post there. John made one other trip to the colonies about 1 year later and his ship was reported lost at sea while making a third such trip to America, after Thomas arrived there.

Thomas was born about 1640 as he was 28 when he arrived in Somerset Co., Md where he lived until 1708. He was 68 years of age at his death. If he established a trading post it was apparently disposed of before his death as his last will and testament. made in July, 1708 makes no mention of any business interest other than farming.

Is that interesting!!

Now I never thought I would be defending THE CHART (I'm really not) as I had/have my own Nehemiah bone to pick with it but according to J.J. Bernard did get out of the courthouse once in a while!!!!

Well, I had let this all pass for awhile to think about it and because I was working on something else ... But anyway ... as I step back I decided to review my hardcopies of material on file for possible additional clues. I discovered that I had a two-page article on the POLLITT Family that was given to me by Norman C. Pollitt back in February 1998. The article is from 'Pioneer Families of Lewis County Kentucky'. I read it and was very surprised that I missed it back in 1998. This article provides for Severn being the son of George and it even refers to Jonathan marrying Eunice (Nicy?). I provide the Article for your review:

=====

Article: POLLITT FAMILY

The Pollitts of Lewis, Mason, and Fleming Counties are descendants of Thomas Pollitt Senior, who was born in 1640 in England or Scotland. He was a merchant and farmer who came to America in 1668 and settled near the site where Princess Anne County, Maryland, was founded. He sailed from England as a freeman, presumably sponsored by his brother, John Pollitt, who came to America in 1656 as an indentured sail maker. Thomas married Margaret Polk and their known children were four sons: Thomas, Junior; William; John; and Richard. Thomas Pollitt, Senior, died in 1708 and was buried in Politt Cemetery in Allen, Somerset County, Maryland.

Thomas Pollitt, Junior, and his wife Shisda, had a son, George Pollitt, Senior, who was born in 1722 and died in August 1783. George, Senior, and his wife, Ahisda, were the parents of the following: George, Junior; James; Nehemiah; Samuel; Priscilla; Nicey; Sally; and Milly.

George Pollitt, Junior, was the father of four known sons: Severn, John, Nehemiah, and Robert. Many records show that these brothers moved early into Mason County and later into Fleming County, Kentucky. Severn Pollitt was born in 1779 in Somerset County, Maryland, and died in December 1843, in Mason County, Kentucky. He and his wife, Margaret "Peggy" Dorman had the following offspring: James, George, Samuel, Robert Henry, Eleanor Nellie, Sarah Elizabeth, Susan, Margaret, Albert J., Frank and Mary.

It is believed that Eunice "Nicey" Pollitt married her cousin, Jonathon Pollitt, and they had a son, Josiah, who in turn married a cousin, Sarah; Josiah and Sarah had a son, Jonathan Pollitt, from whom most Lewis County Pollitts claim descent. Jonathan Pollitt was born December 13, 1820, and was married on June 17, 1840, in Lewis County, to Lucinda Burriss, daughter of Charles L. Burriss and Elizabeth Fitch, who was the daughter of Joseph Fitch and Susanna Pettitt. Lucinda Buris was born May 10, 1820, and died April 11, 1886, both in Lewis County. After her death, Jonathan married Anna Jane McElfresh on January 21, 1887, in Vanceburg, Kentucky, he was sixty-seven, and she was twenty-two. Jonathan Pollitt died March 23, 1903.

The Family of Jonathan and Lucinda Pollitt consisted of: (1) Elizabeth Jane, born March 25, 1841; married Jacob Eckert on May 31, 1861; died April 24, 1893; (2) Josiah, born 1844; married Matilda Pruitt on February 18, 1867; (3) Matild, born 1845; married Jackson Brewer on January 30, 1863; (4) Sarah Margaret, born March 15, 1852; married Edward C. Rolph; died January 15, 1929; (5) Amanda M., June 22, 1855; married John S. Thurman; died in 1941; (6) Eliza Louisa, born October 8, 1857; married Monroe Pruitt on March 18, 1878, in Vanceburg; died January 20, 1938; (7) Mary May, born 1851; married Tom May on May 23, 1871; and (8) Georgia Ann, born in February 1864; married William Beckett on April 23, 1882; died August 23, 1954.

Josiah Pollitt served in the Union Army from Lewis County, having enlisted in September 1861 at the age of eighteen; he was a member of Company R 23rd Kentucky Infantry as a private and was actively engaged in skirmishing and scouting during all his enlistment. He was discharged July 6, 1862, at Pulaski, Tennessee. He married Matilda Pruitt who was born in Morgan County, Kentucky, on November 15, 1849, to John W. Pruitt and Alice Spencer. Their union was blessed with eight children born in the order named: Alvin, born April 24, 1868; James, born June 8, 1873; Lucinda, born May 6, 1875; Leona, born December 7, 1877; Frances, born April 10, 1881; Netty, born April 27, 1883; Ida, born February 24, 1885; and Betha, born October 24, 1887.

Two members of the Pollitt family have served as County Judge in Lewis County. Orville P. Pollitt, who was the judge when the present Court House was built, was born on September 18, 1871 to James and Lucy Parker Pollitt; both natives of Lewis County. O.P. Pollitt served four terms as county clerk before becoming judge. His father, James Pollitt, was the Judge of Lewis County when the third Court House was built in 1865. James Pollitt was the son of Alexander H. Pollitt and Eleanor Pollitt, the daughter of Severn Pollitt. Alexander and Eleanor were married in Fleming County on October 18, 1831. Their son, James, also died young at the age of forty-seven, his death having occurred at Portsmouth, Ohio, in 1885. Orville P. Pollitt served his county well for many years.

Okay, granted one of the first things in this hobby we are taught is that articles such as these are secondary information. Never-the-less, we all use articles such as this as a source of documentation. So, I processed the information in this article and expanded the family tree a little bit. I knew at the time we still have a problem regarding the father of Severn. While the article was secondary it did favor George as the father. But, this was not enough to convince Jim Columbia. So, not having more time to work on this, I passed again on further examination, I just left my online data as is.

Now, here we are up to July 2000. I made contact with Charles W. Smith. He descends from James Pollitt, as I do, too. He has completed, on his own for the most part, (since he hadn't run into very many other Pollitt researchers, yet), research from our Thomas b. 1640 down to himself. Therefore, he finally had something I could compare with on Roy C. Pollitt's research of the first five generations of our Pollitts. (It doesn't really matter here, but my emphasis has been on the descendants of James, son of Jonathan and Nicy, that's why I haven't researched this area much, yet.) Well, to get off that introduction and tangent. Charles sent a genealogy report to me, which happened to also have information on the Subject(s) of this review. A major addition I found was that Charles found the same Probated Will that Roy C. Pollitt found, but Charles provided a Will Abstract along with the probate date, liber and folio numbers. Charles, also, found a probated Will Abstract on the wife, Nancy.

Of special note is the fact that Severn is not mentioned in either George or Nancy's Will. Could this possibly be because Severn has removed to Kentucky before their deaths? Also, of note is that George and Nancy's other children: John, Nehemiah, Mary (Polly) and Robert all have death dates, burial dates, and/or Wills probated in Somerset Co., MD. Alright, keeping that in mind, let's revisit the POLLITT Family Article for a moment. After re-reading it several times, I noticed two sentences:

["George Pollitt, Junior, was the father of four known sons: Severn, John, Nehemiah, and Robert. Many records show that these brothers moved early into Mason County and later into Fleming County, Kentucky."]

If we are to assume that the article is accurate, then why do we find that John, Nehemiah, and Robert died in Maryland. Must we, also, assume, then, that they went to Kentucky with Severn and then all three went back to Maryland after a few years? ... What if the second sentence above really referred to 'Severn's four' siblings as: George, Nehemiah, Josiah, and James? All, of which appear born in Maryland and then went to Kentucky with their father Jonathan. ...

Finally, let's go back and compare the two Severn family units that I have to date.

Severn s/o Jonathan:

1. Severn⁵ Pollitt (Jonathan⁴, Jonathan³, Thomas², Thomas¹)^{1,2,3} was born 17894, and died 18435. He married Margaret (Peggy) Dorman^{5,6} 25 May 18026. She died Aft. May 18437.

Severn ... Sovern ... whose the father of Sovereign? ****continued****

Well, as you can see, I, personally, have had correspondence with about six other individuals and through this combined effort, even though we do not seem to agree on the parents of Severn, the family units are indeed very similar. Now, perhaps the reasoning for this is that everyone has found and or referred to Severn's will probated in 1843.

I, Severn Pollitt, of Mason County and State of Kentucky, being of sound mind and disposing memory for which I thank god, and calling to mind the uncertainty of life, and being desirous to dispose of such property as it has pleased God to bless me with, doth hereby direct this my last will and testament, revoking all others. First, I give to my daughter Mary A. Pollitt twenty five dollars. To my daughter Margaret Pollitt I give twenty five dollars. To my son Albert J. Pollitt twenty five dollars. Now, I hereby appoint my son George W. Pollitt my Executor to settle my Estate. =====

Sure, it could be that there were two Severn's and only one left a will. But, as much as we like to delve into speculation and family legends, ultimately, we deal with the facts presented to us. Through this review we still see controversial facts, but the facts do seem to favor more, now, that Severn is the son of Jonathan and not George.

I would also like to refer to a statement made by Jim Columbia in his email message earlier in this review. Jim states: " I have no doubt we are talking about the same Severn. I have never seen evidence of but one in Kentucky (or anywhere else, for that matter)."

Well, that statement stirred a curiosity in me. I, of course, realize that the following references are not all inclusive or full proof. However, I am a member of Ancestry.com and a member of the FamilyTreeMaker -- GenealogyLibrary.com. So, I decided to do some research in the Census indices and any other related vital records indices available at those sites. (Many of the databases available cover the Colonial period through 1890.)

My findings were very similar to Jim's statement above ... I found no mention of any other Severn in Kentucky or anywhere else!!!

Believe me, I certainly tried to find anything I could in these online databases at these sites. I used as many spelling variants of Severn Pollitt as I could in every combination.

I used: Sovereign, Lovereign, Sovern, Severn, Surren, Severen, Soveren.

I used: Pollitt, Pollett, Pollitte, Pollite, Polite, Polit, Polet, Pullett, Pallot, Paw lett, Pallett.

The only references at these sites that I could find are the following:

1810 Census POLLETT, Sovereign Mason Co., KY page 273

1830 Census POLLETT, Lovereign Fleming Co., KY page 8

1840 Census POLLETT, Sovern Mason Co., KY page 44

Note that I did not find anything for 1820. That may be that the records are not in the databases I searched or any number of other reasons, so, it may or may not be noteworthy.

Other than that already described above, I found my copy of a reference to the marriage of Severn and Margaret:

'Somerset County Marriage Records (1796-1871)" by Roy C. Pollitt, p. 118:
POLLITT, SOVEREIGN DORMAN, PEGGY 25 MAY 1802

Major facts and/or issues revealed in this review:

- Severn is mentioned in Jonathan Pollitt's Will.
- Severn is not mentioned in George or Nancy Pollitt's Will.
- A Severn Pollitt did marry a Margaret Dorman in Maryland in 1802.
- The POLLITT Family article states George as the father of Severn, but since he is not mentioned in George or Nancy's will, then we are left to assume Severn is in KY or that he died before the will was written. The article also states that Severn's siblings went to KY, but we find that they all died in MD. Also, if the Pollitt Family article was based on research by Bernard Pollitt, then Jim has already stated that he is suspicious of this part of Bernard's research.
- An index search of Census records reveals no other Severn, Sovern, Soveign except what appears to be the one whose will was probated in 1843.

In conclusion fellow Pollitt Researchers, while this has turned out to be quite long, as I stated in the beginning, I am adding this review and examination to my online database files for both Severns. I believe, also, that, at this time, I will not change the different Severns, with the exception of another note to say that the Severn, son of George, may, after all, be the son of Jonathan. This still may be circumstantial, but, based on current evidence from Jonathan's Will and George and Nancy's Wills and the research for any other Severns in the online databases referred above, I feel like I must agree with Jim Columbia's conclusion from re-examining his grandfathers research papers. I will, eventually, in the future merge the two Severns into one under Jonathan and Nicy. Right now, I welcome comments for further discussions, if you are so inclined.

Thank you for taking the time to read this review. Perhaps someday other proof will show up sometime in the future. But, for now, this appears to be the best gathered evidence we have, circumstantial or otherwise supporting Severn as the son of Jonathan and Nicy, and not the son of George and Nancy.

Thank you,

Bryan:

What a tremendous piece of genealogical detective work! I just reviewed your article "Severn ... Sovern ... whose the father of Sovereign?" and must congratulate you on your effort. I think you have presented this case about as well as could be done.

Let me say that I would be the first to applaud a finding that would confirm the accuracy of Bernard Pollitt's chart. I have the original in my possession, and feel bad telling people that it isn't accurate. I have nothing invested in discrediting his work.

However, I have one advantage regarding this issue that others do not, and that is that I worked closely with my grandfather J. J. Pollitte during his "genealogy" years and know the quality of his work. He was a brilliant man - perhaps the most brilliant I have ever known, and well-respected by all who knew him. However, I hope it is no insult to his memory to state that he was NOT a good genealogist. He was too eager for a simple solution, too eager to fill in a blank. In a family consisting of hundreds of George's and Thomas's, this was just too easy to do.

That is the unfortunate reason that I felt the need to "start over" to some

degree in using computer technology to organize his work. I have not entered anything into our electronic database without some verification independent of his work. The vast majority of his work turns out to be accurate, but of course many mistakes were discovered (just as I am sure will be found with my own).

I, too, had heard the story of the "two" Severns coming to Kentucky. I think there might even be a letter under my name floating around out there confirming the story (from about twenty years ago). But, as you so clearly laid out, subsequent research failed to confirm this. All sources continued to lead back to one Severn, who conducted the entire "Kentucky" portion of his life within a 20-mile circle of the intersection of Mason, Lewis and Fleming counties. I have found documentation of his eviction from a farm near here in Fleming County, his banishment from the Mt. Carmel Baptist Church in Mason Co., about a half-mile from the Fleming Co. line, and of course his marriage and burial here in Mason Co. They all clearly point to one and the same person.

I have donated copies of every piece of documentation J.J. Pollitte had to the Mason County Genealogical Museum, including all of his correspondence (with Richard Pollitt, among others). They now have four huge notebooks of Pollitt(e) family files for review. I believe I have reviewed, with the staffs' help, everything the museum has related to the family history, and have seen nothing (including among the personal papers of Bernard B. Pollitt) anything to indicate that BBP spent any time in England. This guy was an elected official in the prime of his career at the time he completed "the chart." He was not from a wealthy family. Where would such a person from the small town of Maysville, Kentucky get the resources to spend a year in England? Again, not to disparage the memory of my grandfather, but that remark sounds exactly like the kind of thing he would "fudge" to prove a point. It doesn't surprise me that people would trust his word on such matters, and it gives me no pleasure to dispute it, but there is just nothing to support his contention. Following is the obituary of BBP:

Obituary (Unknown Maysville, Ky. ,newspaper, found in the "Pollitt" family file at the Mason County Genealogical Museum, dated December 25, 1955):

"Bernard B. Pollitt, Retired Gauger, Dies In Lexington -

"Bernard Barker Pollitt, 81-year-old retired gauger with the U. S. Tax Bureau, died Christmas day at 3:30 a.m. in a Lexington hospital, where he had been a patient for the past 15 months. He had been seriously ill for two weeks and death was attributed to complications.

"Born March 22, 1876, in Lewis county, the deceased was a son of the late Dr. W. M. Pollitt, a Lewis county physician and Ascenath Mullen Pollitt. He was married to the former Dora Kendall Crain, who survives and had he lived until March 14 of next year, the couple would have marked their golden wedding anniversary.

"Their home was at 607 East Second street.

"Interested in politics, Mr. Pollitt, as a young man, had served as a clerk in the offices of the late Clarence L. Wood, one time circuit clerk of Mason county. It was there that he first became interested in his hobby of tracing deeds back to their origin.

"He was regarded as an antiquarian in his own right and during his lifetime had compiled a large and interesting collection of deeds that showed many of the original land grants.

"Mr. Pollitt retired in 1945 after nearly 40 years as a U. S. storekeeper and gauger. He had been located here with the old Rogers' and Pogue's

distilleries and at various times had worked through-out the state. During the Prohibition era, Mr. Pollitt held a position with the revenue department in Frankfort.

"He was a man of integrity, well informed and cordially esteemed.

"In addition to his wife, he leaves a devoted step-daughter, Mrs. John McNutt, of this city."

Though it proves nothing, I would think that spending a year abroad during the late 1800's or early 1900's might have rated a mention in this article.

At this year's family reunion, we had the largest crowd ever (over 110), including researchers from Louisiana, Georgia, Indiana and Illinois. At least eight people who I had never met before wanted to show me their copy of "the chart" that proved everything they wanted to know about the Pollitt family. I'm afraid that it is too late now - it has become part of the family lore, and will cause arguments until the end of time.

I'm totally comfortable with your conclusions - you didn't close the door on any possibility, but arranged the facts in their logical order. I thank you for your work.

Feel free to pass this on to other family researchers.

Hello Bryan -

[Parts omitted]

Regarding Bernard, I kept seeing local references to the "Pollitt Papers" as a resource material. I asked about this at the museum, and was told by a staff member (who no longer works there, but was very knowledgeable) that, upon his death, his widow took all of his research papers (mostly deeds) around to area attorneys to see if they would like to purchase them. Since they were apparently extensively cross-referenced, it would have been like an early computerized database for checking titles, I suppose. Apparently none of the attorneys were willing to purchase the papers, and they ended up in storage (not thrown away). I have seen citations regarding these papers up into the 1970's, but no one seems to know where they are now. Our local county clerk, court clerk and genealogy museum are all very organized, so I don't believe they are "lost" at any of those locations. I noted that BBP lived for some time in Frankfort, and wonder if the papers may have been donated to some historical society there, but to date have not been able to track them down. The same staff member indicated that the papers held very little in the way of

genealogy, and were almost entirely land titles (still valuable).

I did obtain some copies of his letters to the Olivet Church, which deal not with genealogy but with cemetery issues.

In fairness to my grandfather, he did mention several times that the reason Severn was not mentioned in his father's will (meaning George) is that he took his share of his father's estate while he (George) was still living so that he (Severn) could move his family to Kentucky, and thus gave up all claims to further inheritance. If true, I would think there would be a legal document to record this. Who knows? I know that for years our family celebrated Severn as the "pioneer" of the family - it was a shock to come to the realization that his father may have immigrated with him.

Bryan ,

I enjoyed your paper on Severn a nice job of laying out the facts as we have them.

I also used "the chart" , sent to me by Caole Dillingham , for my assumption that Severn was the son of George. The only "real evidence" , Jonathon's will , points to Severn being Jonathon's son , if indeed there is only one Severn.

I am, however, somewhat confused by :
Deed Book O - page 346 dated November 9 , 1827
James Reed of Fleming County, Kentuckt and William Reed of Mason County, Kentucky convey to Severn Pollitt of Fleming County , "land in Fleming County on the waters of Indian Creek -----to the original survey this 24th day of May , 1816.

Witnesses to deed : Alexander H. Pollitt and James Pollitt.

I assume James was Severn's brotherbut who would Alexander H. Pollitt be ?? This could not be our James' son Alexander H. as he would have been to young to witness the document. Could it have been the Alexander H. that married Eleanor Nellie Pollitt , Severn's daughter ?? I have found Census records of an Alexander H. Pollitt in Henderson County , Kentucky , which is on the western border of Kentucky about as far away from the Fleming County area as you can get and still be in Kentucky. Any thoughts on this ?

I plan on leaving the "two" Severns as I now have them for the time being.

Thanks,
Chuck

The cemetery is in an overgrown grove on the east side of Backbone Road, several hundred yards back in a field, just south of where modern-day Peggy Neck Road terminates. This cemetery was transcribed on New Years Day 1999 by our dependable cemetery transcribing pal, Mike Hitch.

Bryan;
Oh boy! I am trying to look at a very large chart as I type this. The chart was originally created by Bernard Pollitt in 1918 and was signed by J.J. Pollitt in 1972. I believe this to be perhaps representative of the very first effort at Pollitt family history. Now a quick mention: You have Nehemiah Pollitt (the same one) down twice in your records. I have still not reconciled the two but believe the one married in Maysville to Jane Hopper (not

Hoffer) and who settled in Indiana to be the son of Jonathon but have no proof. J.J. and undoubtedly Columbia have him as being the son of a George (who also had a brother named Nehemiah. I wanted to argue with J.J. about that.

His response was: "I have worked with Bernard's material for forty years and have yet to find a mistake." I still disagree but still lack the "hammer."

Letter from Richard Pollitt; RE: the name James Pollitt:

When I first started the family thing, mostly out of curiosity, Several of the Illinois people I talked to thought that the original James was James T. There is a piece in a Fulton County History that could be very confusing if not read with care. It is referring to James T., of the original family, born January 19, 1835 and died May 18, 1916. You are probably connected to him via the Becksteads. His wife was Oriela Beckstead.

I read several different Fulton County Histories, Lewistown Library, (or several versions of the original) It says directly in one of them: "James H. Pollitt, son of Jonathan and Narcissa Pollitt, was born July, 1800 in Maryland. James married Mary Thomas, July 21, 1822. Mary was born in Fauquier County, Virginia on March 16, 1802. James moved with Mary to fulton County, Illinois, Liverpool Township in September, 1836. They Brought with them six children--" That's a direct quote and where the "H" came from. There is no middle initial on any of his papers or on any of the estate bills of/or settlement of Austin Day where James signed his name. There is also no middle initial in his signature on his will. There is also no middle initial on his stone in the Pollitt Cemetary.

There were literally many James Pollitt's in Fulton County over the years and also in Kentucky. There are four buried in the Pollitt Cemetary: Original James, James T, his son, James A., the son of James T., and A James L., whom I know not! Also the grandson of James T. died 12-13 years ago. I spent much time with him discussing the family and, in fact, the Day family. He was also named James T. He has a son, 63, also named James. Alvin also had a James, known as "Red Jim". He was a traveling musician (fiddler) drank a lot and lived as an old man in a houseboat in Liverpool. To help identify them, his cousin was known as "Black Jim." Confusing?

I recieved a telephone call today from James Pollitt (who else) who lives in Ipava. He is the son of James T., the grandson of James T. I taped several conversations with James T. before he passed away. This James knew of that and wanted to know if I still had them. I do have the tapes but have never listened to them and don't know if they are useable. I did listen to a tape I made with Ray Pollitt (grandson of Alvin) that is good.

Back to James T., son of James (H). He and Oriela Beckstead had three sons: Ambrose Dudley (known as "Dud"), James A., who died at 32, and Benjamin Everett (known as Everett) Benjamin was the grandfather of Norman (forgot to ask Norman who his father was) and was also the grandfather of James of Ipava, son of James T who was, in turn, the son of Benjamin. (Norman's phone number is {omitted}).

Isn't James a great name!!!

In 1836 moved family to Fulton County Illinois from Kentucky.

Liverpool, Illinois is on the Illinois River. Its founders were R.E. Little, Wm. Elliott, Js. Sharpe, T. Tarleton, E.D. Rice and Roger Veits, August 13th, 1836. It was once an important shipping point, but railroads have taken away its trade, and it does little business. (per Atlas Map of Fulton Co. Il.)

Morgan Day, a Negro family (Mr. & Mrs. & 3 children) came to Illinois in 1845 - helped care for Cholera victims in 1849 and sold farm in 1850 to Pollitts for 6 cents an acre. The Day family is buried in the Pollitt Cemetery, Liverpool Township, Section 1.

James and wife were both held in high esteem by their neighbors and acquaintances and although James was a blunt, outspoken man, he was so thoroughly upright and equitable that he commanded the respect of young and old alike. (History of Fulton County, Il. 1908 by Bateman, Selby & Heylin)

Notes for Alvin A. Pollitt:

He was almost the first advocate of free public schools in the district. He agitated the question and the benefit of building a school house against great opposition from some , even threatening to shoot him. On being elected Director the first time, he immediately made a contract for and had built a school house on his own land. It was made of hewn logs. It has since been abandoned and a fine frame erected. This District has a school fund of \$4,000, the principal of which was secured from sale of lands. (History of Fulton County Illinois 1879)

I am not sure if Middle name is "Oliver" or middle initial is " A " .

He is said to have had red hair.

Newspaper Article on Death of George Pollitt:

CORPES IS FOUND IN A FIELD

George Pollitt, Veteran of the Civil War, Falls Victim to Attack of Heart Disease.

Lay Dead for Several Day Before Discovery - - Relatives with Whom by Turn He Made His Home Supposed Him at Each Other's Houses.

Deaths calling for official investigation follow each other with starting rapidity recently. Scarcely is one inquest held until another is called. Murder, suicide, heart disease, cremation and unknown causes form a grewsome list, and another is added by the finding of the dead body of George Pollitt Tuesday evening in Banner Township in the vicinity of the Victor school house.

Mr. Pollitt was an old soldier and an old resident of Canton and Fulton County. He has seen prosperous days, but

for years has been unable to work, though enabled to live comfortably by a pension and the filial care of his sons and daughters. He did not live with his wife, though there seems to have been no trouble between them. She lives in Banner township, not a mile from the place where the body was found.

Mr. pollitt had been visiting at the home of his son-in-law. Francis Fouts. Some surprise and anxiety was felt here when he did not call for his pension last week, and inquiries brought the information that his was ill at Fouts'. Who it was that gave the information to his Canton Friends is not learned, but it was erroneous.

A week ago last Monday morning he left the Fouts residence, to go to the home of another son-in-law, Solomon Bowman, on foot. It is 2 1/2 or three miles distant, and he took the shortcut across the fields, part of the way. It was his intention to visit there for a day or two and then return to Canton to get his pension voucher. Inquiries from his as to the old gentleman's whereabouts Tuesday afternoon alarmed the Fouts family, and on Tuesday afternoon Mr. Fouts started for the Bowman residence, following the course Mr. Fouts would probably take, to make inquiries there. About 8 o'clock in the evening he found the body of Mr. Pollitt in a field 80 rods northeast of the Victor school house. Help was summoned and examination showed he had been dead for at least a week -- probably since a week ago Monday.

When found the body was lying on its face, with the hands outstretched and the fingers clutched together. The face was pressed down into the ground, leaving an impression when it was moved. The body was decomposed. Every indication was that he had been seized with heart disease from the exertion walking, and had pitched forward upon his face dying where he fell.

The body was removed from the house of his wife and notification sent to Chief of Police Blain and Coroner Cluts.

On his body was found his discharge from the Fifty-fifth Illinois volunteers, in which he served during the war; a grocery book from the store of A. L. Roth of Canton; a pocket book containing 10 cents and a few trinkets. Mrs. Pollitt lives about three-fourths of a mile from the spot where the body was found.

Coroner Cluts passed through Canton Wednesday morning to the scene of the death and held an inquest on arrival there. The verdict was death from natural causes -- probably heart failure, from which there have been deaths in the family.

George Pollitt was one of the few surviving members of a family which came from Kentucky. His father was James Pollitt. Liverpool and Banner townships have been the home of the family. The old homestead is still farmed by one of the sons of James Pollitt.

George Pollitt, who was about 74 years of age at his death, followed the life of a farmer until the call for volunteers to put down the rebellion struck a responsive chord in his breast and he hurried away to war, staying until the end.

He was married to Miss Mary Beckstead, of Liverpool township, and is survived by four sons and four daughters, as follows: Perry, of Rawl; James, of Canton; Jonathan, of Liverpool; Rufus, of Liverpool; Mrs. Mary Wicks, of Utica; Mrs. Frank Fouts, of Buckheart; Mrs. Solomon Bowman, of Liverpool; Mrs. Samuel Ashby, of Canton. He was widely known and had many staunch friends.

George Pollitt is the third of the brothers and sisters to die suddenly. On Nov. 28, Jonathan Pollitt, of 647 South First avenue, in this city, dropped dead while visiting his farm in Liverpool township. Several years ago one of the sisters, Mrs. Mary Farris dropped dead.

Bryan;

To begin with I am sure that you have some of the following: George E. Pollitt was the father of "Black" Jim Pollitt (so called because there was a son of Alvin with red hair (Red Jim) at about the same time. Jonathan, Perry, George, Gladys, (also known as Effie) a honest to god fortune teller who married a Fouts, and Rufus who had red hair. I believe, I saw it tonight so if I am wrong I will correct, that Rufus was a cripple fiddle player. Fiddles were common to the Pollitts, my grandfather played one and "Red" Jim was good enough, when he was sober to play as far away as San Francisco. Rufus was the father of Delbert who was alive in Peoria a dozen years ago. Jonathon had a daughter who died of Diphteria. James had a son named "Kay." This was told to me by Ray Pollitt, now deceased.

From a different list: Jonathon, Amanda, Martha, "Effy", Mary, Rufus (I was correct about the above) "Black" Jim and "Aunt Mam", Almira? also known as Ellen?.

[omitted-see Olive B (Boman) Harn]

Now here is another one for you: 13-14 years ago I visited with Charles Pollitt of Canton. His great great grandfather was Alvin.

My aunt sent me his 50th wedding announcement. I happened to remember that he sent me to talk with a Gibbs Pollitt who, with his wife was caretaker of the camp grounds at Canton Lake. I called Charles. He told me that Gibb is now dead but that his wife Rubie was still able. I knew that Gibb was the first and only person that I had found who was a descendent of George E. I called Rubie about 20 minutes ago. Rubie tells me that Gibb's father was Albert and his grandfather was Jonathon. (George E.'s son).

By the way I have a note saying that George E. died climbing a fence on the BECKSTEAD farm. I was looking at a plat book from 1871 over the week end that showed that farm.

Know claimants circumstances. She has 30 acres of broken land with a house on it that cost her about \$150.00. The land is not worth over six hundred dollars, I would not pay that for it and it would not bring that if sold under the hammer. This is all the real estate she has at all. She has sold no real estate since death of soldier. She only has an old house and an old cow that are not work over \$30.00 that is all she has in the way of stock. She has no other personal property except her household goods consisting of her bed & bedding to with it. She has no money stocks or mortgages at all upon which to draw her interest as an income. She has no income whatever except her daily labor which would not be much owing to her age. The land if rented for cash would not bring her over 50 dollars as it is very broken. Claimant has not remarried since death of soldier. Claimant was never married previously to her marriage to soldier, was never divorced from each other, but lived together as husband and wife until death. I was a juror on the Coroners inquest on the 22nd day of Jan., 1902; supposed death on the 13th & laid 9 days before found dead & inquest held. Have lived neighbors for 50 years & know these facts from personal knowledge. Soldier was never married prior to his marriage to claimant. She has an old horse & cow worth 30 or 40 dollars & that would be a big price for them, her household goods would not sell for over 30 dollars, She has no money mortgages notes or bond to bring her an income on which to live. She has no income at all & has hard work to get along only by manual labor. She raises a few chickens & gets her groceries & flour by selling eggs. Notes for James Thomas Pollitt:

From HISTORY OF FULTON COUNTY Edited by Jesse Heylin; 1908; p. 1039.

JAMES T. POLLITT -

One of the oldest and most respected residents of Fulton County, Ill., who has spent nearly three score and ten years within its borders, and is still and honored occupant of the farm in Section 1, Liverpool Township, to which he was brought by his father in the pioneer days which tried men's souls, was born in Lewis County, Ky., June 19, 1835. He is a son of James and Mary (Thomas) Pollitt, the former a native of Somerset County, Md., where he was born July 20, 1798, and the latter, of Fauquier County, Va., where she was born March 16, 1802. The Pollitt family is of Scotch-Irish origin. Jonathan Pollitt, the grandfather, moved at an early period from Maryland to Lewis County, Ky., where he and his wife died. In the fall of 1835, James Pollitt journeyed with his family to Fulton County, Ill., and settled near the City of Lewistown. In 1837 he bought the farm where his son, James T., now lives. In Section 1, Liverpool Township, where he spent the remainder of his days, dying February 14, 1875, at the age of seventy six years, his wife surviving him until May 20, 1880. They were both held in high esteem by their neighbors and acquaintances, and although James Pollitt was a blunt, outspoken man, he was so thoroughly upright and equitable that he commanded the respect of young and old alike. He and his wife were the parents of the following children: Alexander H., who died at the age of sixty-three years; Alvin A., a farmer in East Liverpool Township; George and Jonathan, deceased; Mary deceased wife of John Farris, also deceased; Francis M., who died in 1874; James T.; Sarah A. deceased who was the wife of Wesley Brinegar, a resident of Canton, Ill.; Susan, who died in childbirth, the infant son also dying; and Nancy A., wife of Martin Hughes, residing near Bridge [believed to be Breeds, bwl, 27 Jan 2000] Station, Fulton County.

James T. Pollitt was an infant when his parents settled in Fulton County. He was reared on the farm where he now lives, and received his education in the subscription schools of the primitive settlement. His whole life has been devoted to farming in Liverpool Township, and in this pursuit his industrious habits, systematic methods and careful management have been productive of satisfactory results. On his farm of 165 acres his family have grown to manhood and womanhood, married and moved to home of their own. Mr. Pollitt still supervises the farming operations, and raises the best-bred stock, including Norman horses, Shorthorn cattle, Poland-China hogs and a good grade of mules.

On June 25, 1874, Mr. Pollitt was united in marriage with Arilla Beckstead, a daughter of George Beckstead, a native of Canada, who was for some years connected with a packing house in Canton, Ill., and afterward moved to a farm in Liverpool Township, where he died. Mr. and Mrs. Pollitt have had six children, as follows: Harriet C. wife of Theodore Black, a farmer in Liverpool Township; one who died in infancy; James A., who married Martha Kendall, and died in 1896, leaving two sons - James T. and Jesse B.; Ambrose D., who married Martha A., widow of his brother, James A. by whom he had five children - Arilla A., Polly K., Dorothy D., Goldie and Hobart R.; Mary F., wife of James D. Raker, a farmer in Liverpool Township, who has had four children - Ambrose D., Hattie and Georgia (twins), and James Robert; Georgia (who died in infancy) and Benjamin E., who looks after the home farm. He is a member of Maples Mills Camp, No. 2027, M. W. A.

In politics, Mr. Pollitt has been a Republican, since the organization of that party. Originally he was a Whig, and cast his first presidential vote for Millard Fillmore. Since that period he has voted for the Republican candidates, State and national. He has always taken a deep interest in local affairs, warmly supporting church and school work, and has served as School Director. He has been identified with the development of Fulton County for sixty-eight years and has been prominent in the advocacy of all measures inaugurated for the general welfare. In the wonderful transformation which has completely changed the face of nature in the region to which he was brought as an infant, he has borne a manly and faithful part, and is now reaping the reward of many toilsome seasons, conscious of duty done, and enjoying the good will of all who know him. His worthy and estimable wife is a member of the Methodist Episcopal Church.

From HISTORY OF FULTON COUNTY Edited by Jesse Heylin; 1908; p. 857.

C. M. DOWD (a.k.a. Doud, bwl, 28 Jan 2000) -

A rising young lawyer and now serving as City Attorney of Lewistown, Fulton County, Ill., was born in Liverpool Township, Fulton County, October 19, 1867. He is a son of Charles L. and Mary A. (Pollitt) Dowd, [should be Sarah A. Pollitt, bwl, 28 Jan 2000], the former a native of New York State and latter of Illinois. The father come to Fulton County in 1856 and died when Chauncey was three years old, his union with Mary Pollitt [should be Sarah A. Pollitt, bwl, 28 Jan 2000] resulting in two children, one of whom did not survive infancy. The widow became the wife of W. H. Brinegar, by whom she had four children, namely: Mary J., wife of Charles Berry, a farmer in Fulton County; Cora B., who died in 1891; Peter H., of Peoria, Ill., and George E., of Canton, in the State. Mr. Dowd's mother died in 1892.

At the age of eight years C.M. Dowd, having no home, was compelled to do farm work by the month for his board, and followed that occupation until 1904, after which for four seasons he engaged in tile ditching. Being deprived of early school advantages, he began to read, and study works of useful knowledge at night, and many times, when worn out by his day's toil, was found burning the midnight oil over his books. He continued his nightly studies, doing farm work by the day or month, and during the threshing season working with the machines. In the winter season he might be found digging coal in the mines. He built a cabin in which he lived alone, and deciding to study law, bought a copy of Blackstone and a few other works. For years he studied at night and worked in the daytime, and then his cabin, with its contents was destroyed by fire. Nothing daunted by this severe blow, he secured a boarding place and kept right on reading law, and in 1900 his strenuous endeavors were crowned with success by his admission to the bar. During his years of intense and patient study he could obtain but few text books, but those which he secured , including Blackstone, were read and re-read until they were graven on his memory. For a part of this period he was with Judge Winter and in the office of Attorney Jewell, and in 1904 opened an office for the practice of his profession, in which a bright future is manifestly in store for him.

In politics Mr. Dowd is a Republican, and takes a lively interest in such affairs. In 1905 he was nominated on the People's ticket for the office of City Attorney of Lewistown, and after one of the most stubbornly contested campaigns ever known in Fulton County was elected by a large majority over one of the strongest men on the Citizen's ticket. His administration of the duties of this office is faithful, efficient and satisfactory to all. In fraternal circles Mr. Dowd is identified with the I.O.O.F. and M.P.L.

Notes for Henry Shaw:

From HISTORY OF FULTON COUNTY Edited by Jesse Heylin; 1908; p. 1096.

HENRY SHAW -

A prosperous, enterprising and prominent farmer, who has pursued his vocation for many year on an extensive scale in Section 1, Liverpool Township, Fulton County, Ill., was born just south of Bryant, Ill., February 11, 1848, a son of Robert and Catherine (Bordner) Shaw, the latter being the eldest daughter of Peter Bordner. Robert Shaw, who was born January 12, 1812, was among the first settlers of Fulton County, arriving from Ohio and settling in Liverpool Township. He died February 28, 1888, and his wife died in 1893. They were the parents of thirteen children, namely: Alexander, a farmer in Liverpool Township; Elizabeth, who died at the age of four years; Sarah, who was the wife of Abraham Weaver, a resident of Slabtown, Ill., and died in 1878; Peter, who died at the age of twenty-three years; Emeline, wife of James Walker, of Bryant, Ill.; Mary A., wife of a Mr. Schoenover, a farmer, near Cuba, Ill.; Isaac, of Downing, Mo.; Henry; Jasper, of Sullivan, Ill.; Rebecca, wife of John Barker, of Downing, Mo.; John of the same Place; Amanda, wife of Fred Rowe, also of Downing, Mo; and James of Nebraska.

About the year 1868 Robert Shaw sold a 333-acre farm in Fulton County³ and moved to Downing County, Mo., where he bought land. At the time of his death, in 1888, he owned 930 acres in that county, which was under good cultivation, besides 320 acres in Liverpool Township.

The subject of this biographical record was reared to farm life. He received his mental training in the district schools, sitting as a pupil on the old slab benches. As soon as he was old enough he devoted his attention to farming, which has been the occupation of his entire life. His first purchase of land was 240 acres in Section 6, Liverpool Township, and his in now the owner of 440 acres. Every improvement on this land has been made by him. In the fifty-eight years of his residence in Fulton County his has never been absent from it but once, and during the whole period of his mature life he has been actively identified with the development and best interests of the county. Mr. Shaw devotes considerable attention to the breeding of Percheron horses, of which he now has about forty head on the farm. He also raises Shorthorn cattle and Poland-China hogs. He is an intelligent, systematic and enterprising farmer, and the results attained justify his methods, and attest the success of his operations.

On February 4, 1871, Mr. Shaw was united in marriage with Sarah Pollitt, a daughter of Alexander and Elizabeth (Easters) [should be 'Estes', bwl, 31 Jan 2000] Pollitt, who was born September 28, 1852. This union has resulted in six children, as follows: One who died in Infancy; Minne, born March 9, 1874, wife of John

Beebe, a farmer in Banner Twp, Fulton County; Rufus, born September 8, 1881, married Eva Raker and now a farmer in Liverpool Township; Ora, born December 26, 1883, who died at the age of three years; Blanche, born November 26, 1887, who attends to the domestic affairs of the household, the mother having died in 1895; and Bernice, born October 14, 1895.

In politics Mr. Shaw is an adherent of the Democratic Party and has served the township as School Director. He is a vigorous advocate of the interests of the school system, as well as an earnest and influential supporter of all institutions and enterprises that promote the public welfare.

A bit of information I picked up a week ago. My great grandfather Robert was married a second time after Dora Beckstead. The second wife was Daisy. My aunt tells me that she was married 4-5 times, each time marrying older men and taking care of them until they died.

On the subject of Robert: The Beckstead farm to which I was referring to became a Pollitt farm for two generations. I don't have my Beckstead book down here with me so I can't find how many siblings Dora had. But Robert and Dora ended up living on and owning her father's farm [John A. Beckstead]. Robert later allowed my grandfather Grover to occupy the farm and Robert moved to just south of Fi Fi school. (I hope you know where that is.) The ground for that school was donated by Alvin Pollitt and I think he cut the logs for the original building (Fulton county History). Anyway upon the death of Robert the 160 was divided between Lotus Bump and Grover Pollitt. I don't know whether that is the particular Beckstead farm where George E. died or not. If it was I probably walked by the spot many times. As a point of reference, that particular farm was located about a mile south of the CIPCO cooling tower northeast a mile or so from the Pollitt Cemetery..

Notes for Oliver P. Pollitt:

From HISTORY OF FULTON COUNTY Edited by Jesse Heylin; 1908; p. 1039-1040.

OLIVER P. POLLITT -

A very enterprising and prosperous farmer and stock-raiser, living in Section 14, Liverpool Township, Fulton County, Ill., who is regarded as one of the prominent representatives of the agricultural element in Fulton County; was born in Liverpool Township December 7, 1848. He is a son of Alvin and Emily (Estes) Pollitt, both of whom are living in the township named, where the former is engaged in farming. They became the parents of nine children, as follows: Oliver P.; Laura, wife of Abner Garrens, a farmer in Liverpool Township; John A., [believed to by John R., bwl, 27 Jan 2000] a farmer in the same township; James T., [this is believed to be James L., bwl, 27 Jan 2000], who lives in Pekin, Ill., a sketch of whose life is contained in this work [this is believed to be referring to James T., bwl, 27 Jan 2000]; Alexander, also farming in Liverpool Township; William of Breerton, Fulton County; Charles , a farmer in Banner Township; Della J., wife of Oscar McGraw, of Canton, Ill.; and one who died in infancy.

Oliver P. Pollitt was reared to farm life, and received his education in the district schools of his

neighborhood. He has always made Liverpool Township his home except for two years spent in Decatur County, Iowa. For several years, he worked at farming by the month. After his marriage he located in the southwest part of the township where he made his home until 1883, in that year moving to his present home farm of eighty acres. He now owns 320 acres in Section 14, and eight acres in Section 22 and 23, a total of 400 acres. On the home farm he keeps the best grades of horses, cattle and hogs, and, in general farming his intelligent, systematic and progressive operation are productive of the most satisfactory results. He is ranked among the notably successful and substantial farmers of Fulton County.

On April 9, 1876, Mr. Pollitt was united in marriage with Mary C. McElwee, who was born near Ripley, Brown County, Ohio, March 7, 1843. She is a daughter of George and Hannah (Bowman) McElwee, natives of that State, where her father was born in Adams County, and her mother, in Brown county. The family settled in Fulton County in 1865, locating near the famous Depler Well, in Lewistown. In 1866 they sold that farm, and purchased a place in Putman Township, where Mrs. McElwee died March 9, 1883. After her death, her husband made his home with his daughter, Mrs. Pollitt, and died April 6, 1892. They were the parents of the following children: Mary C.; Elizabeth, who died at the age of twenty-six years; Lydia, who died when fifteen years old; George, who died at the age of thirty-seven years; Francis M., of Macon, Neb., who married Mrs. Nelle Randall; Minerva M., wife of Albert Roberts, of Canton, Ill.; Amanda, wife of Jacob Anderson, of Pacific Junction, Iowa; Hattie deceased wife of John Lewis, who lives with their six children, in Oklahoma; and Benjamin F., a Physician of Wilcox, Neb.

Mr. and Mrs. Pollitt are the parents of four children, namely: George A., born October 10, 1876, a farmer in Banner Township, Fulton County; Madge M., born October 14, 1880; James G., born December 28, 1884, who lives with his parents, and Herbert, who died in infancy. George A. married Eva M. Beckstead, and has had three children; Clifford B., Mary M., and one who died in infancy. Madge M. was married to Sherman Stockman March 7, 1900, and has three children - Orval C., born March 17, 1901; Oral C., July 18, 1902, and Hazel, April 24, 1906. For seventeen years, Mrs. Pollitt was a successful teacher in the schools of Ohio and Fulton County, and is a lady of culture and rare strength of character.

In politics, Mr. Pollitt is an earnest and influential Republican. He has held the office of Tax Collector for two years, and that of Assessor for a like period, giving perfect satisfaction to his constituents in both positions. Fraternally he is affiliated with the A.F.&A.M. being a member of Morning Star Lodge, No. 734, of Canton. Mr. Pollitt is a man of the highest character, and enjoys the sincere respect of a wide circle of acquaintances.

Notes for Arista Pollitt:

As told by Allen Jones --- "Rista Pollitt had a sack of money. He saved every quarter he ever had. Most people thought he didn't have anything. It was in gold certificates, gold coins, and whatever. I don't think the other boys knew he had it. It wasn't probably a fortune, but quite a little bit. I don't know where a man would hide it. It wasn't found after he died, as far as I know."

DEATH REPORTED

Killed in the battle in the English channel December 15, 1944, was Tech. Sgt. Joe A. Pollitt, 26, former Armour & Co. employee. He had been reported missing in action since that date. His mother, Mrs. Laura Myers of 700 Greenlawn avenue, and his father, Esta Pollitt, Kingston Mines. were notified of his death. He entered service when the National Guard was called for active duty in March, 1941, and was an infantryman.

His parents and two sisters, Mrs. Opal Swanson, Pekin, and Mrs. Hester Palmer, 3211 South Adams street, survive.

(The person that keeps the records for the Kingston Mines Cemetery and an acquaintance of Joe's told me his body was never found and a monument was placed in the Kingston Mines Cemetery. She also stated that he was married while stationed away from here, and the family did not know who he married.)

Notes for Estie McLouth, WW II POW Vet.:

Written by a friend:

"And speaking of wonderful guys, this one can never be beat, Estie McLouth, who was also an employ of the post office when he passed away. If anyone ever had anything against him, I surely never heard it. He was that kind of man. When I read about him and think of the ordeals he suffered, it is amazing how he ever survived. He entered the service on February 4, 1941 and earned his corporal's stripes. A good looking enthusiastic soldier, probably typical of our armed forces in those days of World War II.

Estie was stationed in the Philippines and was captured May 6, 1942 by the invading Japanese. He was held in four different prison camps on the Islands as follows: Cabanatuan, Palawan Island, Billbid and Las Pinas.

His lovely wife, Julia, has asked me no to go into detail about the terrible maladies he suffered. For instance, prisoners were frequently hit in the stomach with a rifle butt and the food they were given is enough to turn ones stomach. A watery soup made from fish heads and rice was the main bill of fare, and to think this fine man endured this torture for three and one half years.

It was in the summer of 1944 the American prisoners in the Philippines were transferred to a prison in Japan. They were herded like cattle into the hold of a ship in which there was not room to stand. Imagine in July in that part of the world? For food, water and rice were lowered into the hold by a rope. Estie's weight fell to around 80 pounds.

Estie was a prisoner at three different camps in Japan. One was in the Osaka area.

I remember my old buddy telling me when he first got his veteran's pension it was quite substantial but

they kept trimming it down until it was hardly worthwhile. The thing that makes us so angry about this is that our government throws money away on many worthless things.

Sometime when you are saying your prayers, tell God to please look after this fine man, Estie McLouth and his wife, Julia, too, who has stood with him all these years. God bless you, Estie."

Was awarded distinguished unit badge, 2nd bronze oak leaf cluster, victory medal, Asiatic-Pacific theater ribbon with four battle stars.

Notes for Ira Foy Beckstead:

Bryan : This is the information I have according to Harry Kyle Beckstead [Son] and Shirley Eskridge [Granddaughter]. Ira Foy Beckstead is the 4th child {not sure, bwl} of John N.Beckstead 1865-1918. He married Elizabeth Pollitt. In the.A.B.book they have the 4th child listed as Harry according to the sources listed above this is not right. They are his descendants and I would think they know so I am taking their information as fact but as time goes by will try to verify that by public records. Ira married Elizabeth Pearl Barclay And they had 5 children. (1) Forest Marjorie Beckstead who married Roy Bowman and they have two children Shirley and Beverly. Shirley married a William Eskridge and they live south of Lewistown on a farm. She is one of the sources of information and from talking to her much of what she says is from her memory from being there.(2) Marion Beckstead who had 3 children. (3) Georgia Ardenia Beckstead who married John Sampson. no children .

(4) Mildred Woodrow Beckstead, who married Lloyd Baker. who had 2 children. (5) Harry Kyle Beckstead who is still alive and lives in Canton. He has two boys Harry Wayne Beckstead and Gary Eugene Beckstead. Gary is the one we are acquainted with. John A. Beckstead who married Gladys Ardena Raker is the father and mother of John N. Beckstead. The county records list Feb. 15, 1863 as their marriage date. Hope this will help clear some of confusion. I still have many people to add to the file so as time permits will try to get this done. Will try to keep you updated. With trying to do the families on all sides and my inexperience on the computer some day[s] I do not accomplish much as result I tend to be slow. I thi[n]k most of the information I have to date is in the records I sent. Do not know this for sure tho. AD

505. The controversy with James' middle name continues ... I received a better copy of the will of James Pollitt ... There is no indication that his middle initial was 'H'. The Fulton County Will index has a James H. Pollitt ... but the Will/Probate record cannot be found by the Fulton County Clerks Office at this time. Therefore, I am removing the middle initial of 'H'. [bwl, 9/26/99].

It is currently believed, until otherwise proven, that this is the record of Ida May Pascal. There is not much information. The name as give is Ida M. Saunders, buried Nov. 14, 1927 - 70 y. If this is correct, then the birth year would be 1857. Further research should be completed to determine correct birth and age. The informant could have been incorrect as to age. Perhaps further Census Research should be conducted. [bwl, 7/24/1999].
